Sir:

The Notice of Allowability mailed June 23, 2004 indicates that the drawings filed with the present application on September 24, 2003 are accepted by the Examiner. However, after the Issue Fee was paid in the parent application (Serial No. 09/807,842), Applicants received a Notice Regarding Drawings, requiring that corrected drawings be filed in the parent application. The drawings filed in the present application are the same as the drawings originally filed in the parent application. Therefore, it can be expected that after payment of the Issue Fee in the present application, Applicants would have received a similar notice regarding drawings as in the parent application.

In response to the Notice Regarding Drawings in the parent application, Applicants are filing corrected drawings. Copies of these corrected drawings are attached hereto. Accordingly,

Applicants now expect that they will not receive a notice to file corrected drawings in the present application.

Respectfully submitted,

Minoru TERANO et al.
